About An Orphan Smiles

The mission of our organization is to help improve the social, educational, and physical welfare of many orphans in Ukraine. Our focus is primarily on school age children and those aging out of the orphanage system.

The statistics are heartbreaking. Upon aging out of the orphanage, many children have no choice but to turn to the streets.

- 60% of the girls will turn to prostitution
- 70% of the boys will enter a life of crime,
- Only 27% of these youth will find work
- 10% will commit suicide before their 18th birthday

The main objectives of our group are to provide basic needs consisting of food and clothing, educational and vocational opportunities, recreational experiences, medical care and supplies, safe shelter, and the ability to react quickly to urgent emergency needs. Along the way, we also hope to be able to provide these children with some positive childhood memories and a few smiles.
